

Cow/Calf

SOLUTIONS

for Today's Cow/Calf challenges

- ✓ High Prices
- ✓ Tight Forage Supplies
- ✓ Limited Resources

Think **QLF** in **LICK TANKS** for effective, low-input supplementation of cows and calves on pastures and crop residues.

TREAT BALED FORAGES with **QLF** for one-step delivery of feed and supplement. Aid palatability and reduce waste of coarse, poor hay.

You need a feeding program that delivers **POSITIVE RETURNS!**

Look to QLF to respond to *today's challenges*:

- ◆ Balanced nutrition to support calf gains, reproduction, and herd health.
- ◆ Enhanced utilization of forage.
- ◆ Flexibility in delivery options.
- ◆ Convenience and Low total costs.

Incorporate **QLF** in **MIXED RATIONS** ... for targeted nutrition, for better mixing for less animal sorting, and for improved palatability.
