

# LAWN BOOST

15-0-1

Liquid Lawn Fertilizer

## CARBON-BASED MOLASSES FORMULA

*TerraPro's LawnBOOST* is a combination of balanced nutrients with complex carbon sources. It contains three sources of nitrogen (Amino, Urea, & Ammoniacal)

*LawnBOOST* provides plant available nitrogen to promote a lush, greener lawn and overall plant health.

## CHARACTERISTICS

### Multiple Nitrogen Sources

*LawnBOOST* delivers efficient foliar nitrogen from top tier sources, Urea and Amino Acid. Plant nitrogen uptake with L-form Amino Acids are easily utilized by the plant with no additional energy consumption.

### Ideal for Foliar Application

*LawnBOOST* is a safer option for foliar application as the forms of Nitrogen used is less harmful to the plants.

### All Major Grasses

*LawnBOOST* is a supplemental foliar nitrogen source that can be applied to all major grass types including Kentucky Bluegrass, Creeping Red Fescue and Ryegrass.

### Lower pH

*LawnBOOST* compliments better performance of slightly acidic foliar solutions for increased cuticle penetration and maximum leaf absorption.

### Greenhouse Grass Mix Trial

Control (Water)

Veggie BOOST

Greener,  
Thicker Grass!

## Guaranteed Analysis

Total Nitrogen (N) ..... 15.0%

3.3% Urea Nitrogen

Soluble Potash ( $K_2O$ ) ..... 1.0%

### Derived From:

Sugar Cane Molasses, Urea, Sulfuric Acid

Apply Any Season on Any Type of Grass

## Easy & Convenient Spray Bottle!

## TECHNICAL

Net Weight: 2.83 lbs

pH at 68.0° ..... 4.7

Sugar ..... 10%

## APPLICATION

Shake well before connecting hose. While water is turned off screw sprayer nozzle to hose. Making sure nozzle is pointed away, turn on hose. When Ready point nozzle towards the area you want to fertilize and then push the plastic tab back. Turn the knob to the ON position. Water and Product with mix automatically as you spray. Spray until Garden is thoroughly wet. When finished, turn the knob to the off position, then turn water off.
