

L-CBF AMINO 15-0-1

L-CBF (LIQUID CARBON BASED FERTILIZERS) AMINO 15™ is a complex carbon-based product designed to *positively impact soil biology and enhance nutrient availability*. L-CBF AMINO 15™ uses a safe approach to driving yields, improving fertilizer performance and sustaining plants.

SUPERIOR CONSISTENCY

L-CBF AMINO 15™ is manufactured using a domestic grown, sugar sourced from QLF sugar cane molasses, providing a consistent based product directly from the origin to our manufacturing plants.

AMINO NITROGEN

L-CBF AMINO 15™ delivers efficient foliar nitrogen from top tier sources, Urea and Amino Acid. Uptake for free L-form Amino Acid are energetically advantageous, utilizing and assimilating with no addition energy consumption.

VERSATILITY AND COMPATIBILITY

L-CBF AMINO 15™ is a cost-effective tank partner with a proven return on investment utilized in multiple fertilizer and pesticide applications.

FERMENTATION YEAST EXTRACT

L-CBF AMINO 15™ contains proprietary metabolites that assist biological functions aiding microbial activity and improved nutrient utilization.

LOW PH

L-CBF AMINO 15™ compliments better performance of slightly acidic foliar solutions for increased cuticle penetration and maximum leaf absorption.

*Always perform a compatibility jar test prior to application.
